Voice Skills For TV Presenters (VTV)

Great for people... who want to improve their voiceover and presenting skills.

Purpose:

This course is designed to give you an overall understanding of how to be a presenter who is also skilled at voiceover delivery and technique. The course is conducted in a one-to-one format over a four session period. During the course you will learn how to use your voice skilfully to deliver a variety of presentation "angles" such as retail, narrative and corporate for TV, Film and radio (including assorted straight and character voices). You will also develop your ability to "sight-read", turning written words into "spoken" English and to conduct yourself confidently and professionally in a recording session and live broadcast situation.
