

**THE VOICE BUSINESS**  
SPEAK WITH CONFIDENCE

## Elocution And Vocabulary (VEL)

Great for anyone...who wants to speak well.

### Purpose:

If you need some extra help with using grammar and vocabulary to improve your speaking, this is the course for you. A person who speaks well is recognised and respected by others and feels much more confident expressing their ideas. If you need to upgrade your English expression skills, consider doing this 4 session special course.

### What you will learn:

- These are private sessions designed with you, your job and your company in mind. In them you will learn...
- How to improve the way you speak.
- How to select and use correct grammar and vocabulary.
- How to project your voice clearly in all sorts of meetings and situations.
- How to develop a good working vocabulary.
- Techniques to help you handle anxiety so you can think clearly.
- Learn how to speed up or slow down, and how to use inflections and pauses to make what you say more interesting.
- How to improve your diction and pronunciation of words.
- How to deliver a clear message and get the results you want.
- And much, MUCH more!
