

THE VOICE BUSINESS
SPEAK WITH CONFIDENCE

Team Communications (CTG)

A great course for anyone...who works in teams.

Purpose:

This course is designed to develop and foster good team communications. In this course you will learn what it takes to communicate your ideas clearly with all team members and develop meaningful lines of contact. You will discover how the way you behave now may be helping or hindering the process of communication. We will take a good look at body language and how it is used to build rapport and good relationships, as well as listen to your voice and improve how you use it to communicate your ideas. Understanding how to get your message across to groups of people, as well as in smaller meetings and one-on-one personal interviews and telephone conversations, will be covered in depth. After this training session you should expect to feel a lot more confident in your ability to communicate.
