

THE VOICE BUSINESS
SPEAK WITH CONFIDENCE

Voice Coaching for Kids (VKD)

Great for kids who need a little help communicating clearly!

Purpose:

This course teaches kids how to talk properly. Get rid of the mumbles and jumbles, the stutters and splutters. Your child will discover how to make their voice go up and down in pitch and make what they say sound really clear and interesting. They will learn good breathing and how to move and stand well. Learning how to speak clearly at an early age helps them become much better communicators at school...and sets them up to enjoy talking for life!

Not to mention the fact that this is a must- have skill if they want to go into debating or drama.

The course is short, constructive and fun with homework and goodies to help your kid retain and practice what they've learned.
